

**REDEFINING AND ASSURING
BUSINESS IN A SIGNIFICANT WAY**

A silhouette of a group of people in a meeting room, with one person standing and pointing towards a large window overlooking a city skyline. The scene is dimly lit, with the primary light source being the window, creating a professional and collaborative atmosphere.

ABOUT US

Infodart Technologies Ltd, a global Information Technology and System Integration Company, incorporated in 2007. We are today the trusted partner of many organizations across the Asian continent and are diversifying across the Globe.

We provide innovative and customized business fit solutions to the organizations and help them do business better by leveraging our expertise, industry-wide experience and comprehensive portfolio of services. Our IT services spectrum include SAP, Oracle Retail, Custom Development and Cloud Services.

In this technology driven world and customer needs, it's imperative for organizations to transform and re-engineer themselves to adapt to the business dynamics. At Infodart, we provide end-to-end solutions to the organizations, right from consulting, project analysis, infrastructure, designing, testing to integration, implementation and business lifecycle support. With Infodart's global services, you can achieve a better return on your IT investment – and much sooner – helping you to realize your business objectives.

AWS Cloud Services

Simplify and accelerate your journey to the cloud with expert guidance from Infodart. Our cloud services support the entire adoption lifecycle – from cloud design and strategy to deployment and operations. Leverage flexible, value-driven consulting engagements to develop a solution roadmap, execute your migration, securely manage your hybrid or cloud infrastructure and move to cloud-managed services like PaaS and IaaS. Our services and tools extend and automate critical workload management processes for the public cloud. By combining proven methodologies, industry experts and certified personnel, we are currently delivering public cloud workload automation across more than 20 enterprises.

Our Specialities:

- 24 * 7 support
- Breadth of expertise across SAP applications and various databases
- Breadth of expertise on migration methodologies to AWS
 - Export/Import
 - DR based migration
 - DMO with and without SUM
- DR solution on AWS
- Backup solution on AWS

Why Infodart?
